

You are not paying for 3 days of activities.
You are investing in who she becomes for the next 30 years.

IS THIS PROGRAM RIGHT FOR YOUR DAUGHTER?

This program is the right fit if:

- She is between 12 and 17 years old
- You want her to develop strong self-awareness before adulthood sets in
- She is active or will soon be active on social media
- You're currently denying your child access to global opportunities on the internet due to your fear of digital pressure
- You desire to raise a leader who leads herself before she leads others
- You believe character and values are non-negotiable foundations
- You are deeply concerned about the increasing damaging influence of negative role models on today's teenagers
- You want her long vacation to count for something that lasts longer than the holiday itself
- You are a parent who is serious about your daughter's identity development and not her grades alone

ABOUT THE FACILITATOR

Your daughter will be coached by a certified Adolescent and Teens Coach who has built this program from a place of professional expertise and personal burden. This is not a side project or a quick seminar. It is a calling, backed by formal certification, years of working with teenage girls, and an unshakeable conviction that the most powerful thing we can do for the next generation is to help them know who they are.

Every session, every exercise and every conversation in this program has been deliberately designed to extract maximum transformation from every hour your daughter is in that room. Three days will feel like nothing. The results will last a lifetime.

THE CONFIDENT GIRLS PROJECT

IDENTITY, INFLUENCE & PURPOSE BOOTCAMP 2026

A POWER-PACKED 3 DAY INTENSIVE FOR ADOLESCENT GIRLS | AGES 12-17

What if your daughter could walk into a room and know without question, exactly who she is?

Adolescents in Nigeria today are growing up in the most connected generation in history yet they have never been more confused about who they truly are.

The Invisible Mentor Effect™

Social media hands them an identity before they discover their own. Influencers sell them a version of womanhood built on appearance, performance and validation. And by the time they are old enough to realize the damage, the habits, the insecurities, and the digital footprints are already deeply set.

Three days is all it takes to change the direction of her life. This program is built for exactly that.

WHAT IS THE IDENTITY, INFLUENCE & PURPOSE BOOTCAMP?

The Identity, Influence & Purpose (IIP) Summer Bootcamp is a 3-day high-intensity, results-driven program designed specifically for Nigerian girls aged 12 to 17. It is facilitated by a certified Adolescents and Teens Coach with a deep, time tested burden for raising purpose-driven, self-aware and confident young women.

Every session is deliberately crafted to deliver maximum transformation in minimum time. Nothing is wasted. Nothing is fluffy. Every hour your daughter spends in this room will work harder for her identity than a full semester of social media ever could.

Three days. Five pillars of transformation. One girl who will never be the same again.

DEAR PARENT, CAN YOU SEE THIS HAPPENING?

Your daughter may be showing signs you have noticed but perhaps struggled to name:

- She defines her worth by people's comments, likes and followers
- She changes her personality depending on who is watching
- She feels intense pressure to look, sound and live like social media influencers
- She struggles to articulate who she is, what she believes, or where she is going
- She is building a digital footprint she may deeply regret in five years
- She is easily swayed by peer pressure because her identity is not yet anchored

If you recognized even two of these, this program was designed for your daughter.

THREE DAYS. FIVE PILLARS. COMPLETE TRANSFORMATION.

Here is exactly what happens inside the IIP Summer Bootcamp:
